WELCOME TO MANA MOANA LANDINGS

Mana Moana Landings takes its inspiration from 'The People, The Place and The Purpose'. At the heart of this project, we want to honour the People of the Land – Tangata Whenua. Partner with the Present, the Pacific Island community – Tangata Moana. And form Foundations for the Future – providing opportunity for the local community and first home buyers to purchase homes and begin the process of securing a strong future for their families.

THE PEOPLE – TANGATA WHENUA

Tangata Whenua means "people of the land". It refers to the people - Māori - with historical claims to Aotearoa. In the context of tribal descent and ownership of land, tangata whenua are the people who descend from the first people to settle the land of the district.

THE PURPOSE – TANGATA MOANA

Tangata Moana are "The peoples who had original relations and connections to the tangata whenua prior to the Treaty of Waitangi." Tangata moana are people from the Pacific. Many tangata whenua whakapapa back to Islands within the Pacific and share cosmology and stories of creation pre-Colonisation. It was important to us to honour them as the land was previously owned by the neighbouring local Pacific Island Church.

THE PURPOSE – TANGATA TIRITI

"People of the Treaty", Partners, Tangata Tiriti are proud to honour the relationship, uphold the values and rights within Te Tiriti o Waitangi (The Treaty of Waitangi). Tangata tiriti refers to all pākehā (non-Māori) who have a right to live New Zealand under the Treaty of Waitangi but are not tangata whenua.

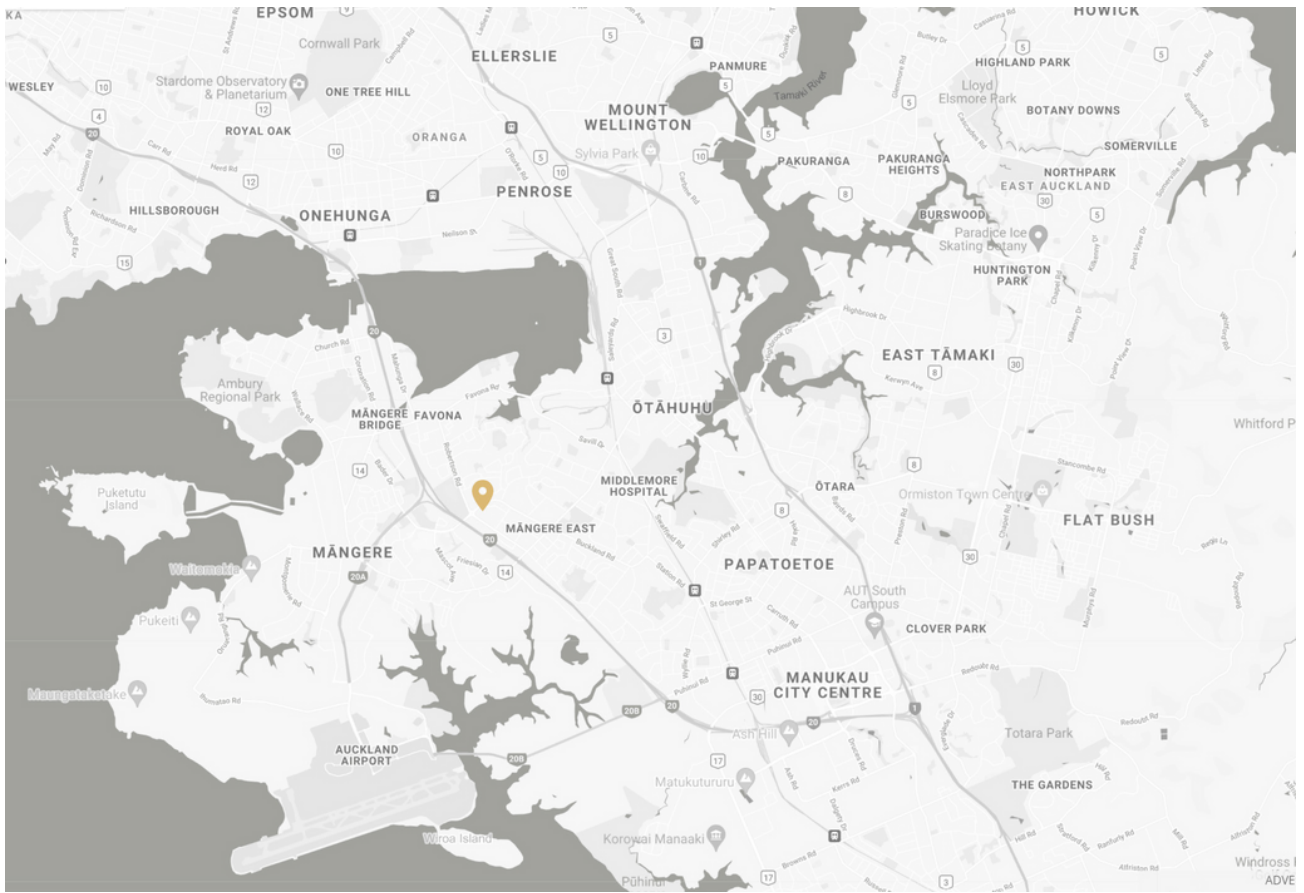

The overall concept and scheme plan is centered around the residence community pocket park, a central place to meet and share whanaungatanga (relationship) with your neighbours, providing generous space and sun for its residence.

The Architecture focuses on the use of a contemporary design style, using durable and low maintenance claddings and products, with brick being a dominant cladding material, providing beautiful timeless, permanent and robust construction. Double glazing, sleek metal roofing and vertical weatherboard also feature.

CETA Homes is proud to present this development.

RESIDENTS ASSOCIATION

Townhouses, on a fee simple title are safer and better long- term ownership/investment, when there is a Residents Association (RA) in place.

The RA is set up, in advance, to help control and manage the future maintenance of the common areas. For this complex it will cover:

- The long- term maintenance of the driveway or in proper terms the JOAL (joint owned access lot) Management of shared lighting.
- General Governance of the by-laws to ensure your asset is protected and value upheld Management of the group Insurance policy

Group Insurance Policy

The RA seeks a competitive Insurance policy covering insurance for all the units and it will also cover common areas and shared facilities.

As per council requirements, all owners have to be a part of the RA. By enabling the RA to obtain a group policy, this significantly reduces the years premiums.

The estimated combined cost for Group Insurance policy and RA contribution for Mana Moana Landings will be around \$2-2,500.

General Maintenance

The RA will manage the general maintenance of the shared facilities or common areas such as the driveways and pedestrian walkways. The RA will put away funds to ensure common areas are maintained and repaired upon any damage using licensed and experienced contractors.

How does a Residents Association Work?

The RA is set up with a standard constitution, a set of bylaws and an annual Budget.

Body Corporate Administration (BCA) will be engaged to operate and manage the RA, which makes life easy for you as the owner. As an owner of the townhouse, it is mandatory you become a member of the RA, and thus have the ability to suggest and implement changes to the budget and by-laws, assuming a majority of the vote is reached, those suggestions and changes can be implemented.

FAQS

What happens to our deposit?

All deposits are held in an interest-bearing solicitors' accounts (meaning that we, the developer cannot spend your deposit). If for whatever reason the project isn't delivered to the agreed contract, the deposit can be returned to you.

What warranty is included on the building work?

We offer a one year defects period on all our new homes in addition to the warranty implied in the agreement for sale and purchase by section 362I of the Building Act 2004. The implied warranties apply for up to 10 years regardless of whether you have a written contract or what the contract terms are regardless of the cost of your building project.

Can I make changes to the specification or design?

In most case we don't allow any changes to either the specification or design, unless it's for specific purposes. i.e. accessibility or health reasons.

What is a Residents Association?

There is no body corporate for this development, but there is a Residents Association (RA). The RA is set up in advance, to help control and manage the future maintenance of the common areas. For this project specifically, it will be for:

- 1.The long term maintenance of the driveway or the JOAL (Joint Owned Access Lot).
- 2.Management of the rubbish collection
- 3.Management of the shared lighting

The RA requires a common account to be opened and managed and all members are required to contribute to account for the funds for future maintenance. The account is managed by the members and it's the RA that decides how and when the funds are spent. This is done by RA formal meetings and a vote system.

Do we have to become a member of the RA?

Yes you are legally required to become a member. The RA is incorporated, and it is part of our Sale & Purchase requirements, but also more formally put on the individual titles.

I have some questions - who can I talk to?
